

Need Out-of-Area Care?

Here's what you need to know about accessing care outside of the service area.

You can travel with peace of mind knowing you're covered with the PHCS Network. As a Memorial Hermann Health Plan member, you have access to the PHCS Network for urgent care solutions outside of the service area.

High cost emergency room visits are no longer the only viable options for out-of-area care. With the extended PHCS Network, members can locate providers and facilities available to treat urgent health concerns, even if you find yourself outside of the service area.

Members can find an urgent care facility with ease through the PHCS Network portal. You can search by name, facility type or location, access contact information, schedule an appointment and obtain directions to get you there quickly.
